GOLDEN VISA Programs Compared

Country	Access	Mobility	Tax Benefits	Residency	Investment
 Portugal	Residency & Passport	188 countries	No tax from foreign income	7 days/year on everage	€ 500,000
 Luxembourg	Residency and path to EU passport	188 countries	High local tax	6 months/year	€ 20,000,000
 UAE	Residency but no path to citizenship	None	No tax	No minimum stay	2,000,000 AED (€ 500,000)
 USA	Residency and option for citizenship after 5 years of legal residency	170 countries	Taxed on global income	Mandatory relocation	\$1,050,000 (€925,000)

Portugal’s ARI is among the most affordable and flexible for EU residency and citizenship, with minimal stay requirements and attractive tax options. Luxembourg is more expensive and requires more time in-country. The US EB-5 demands a higher investment and full relocation. The UAE Golden Visa is easy for residency but does not lead to citizenship

GOLDEN VISA Portugal

The ARI program is a family extended program targeted at non-EU/EEA/Swiss citizens to obtain EU residency and/or citizenship.

DA GAMA
/ Exclusive Wine and Heritage
Experiences

The ARI is Europe's most successful residency and citizenship by investment program.

The residency permit is issued by the authorities and allows the investor and his/her family to hold a European residence permit within 6 months and travel across the Schengen Area without any further documentation.

Upon completion of the **5-years ARI** Program, the investor becomes eligible to apply for Portuguese Citizenship and consequent Portuguese Passport.

The Portuguese Passport is currently ranked 5th in the Global Passport Power Ranking, according to the Passport Index 2022.

Once obtained the Portuguese Passport, the Main Investor and his/her family will be allowed to live, work and study anywhere within the European Union, without the hassle of visa applications and extra documentation.

With the new rules, funds became the fastest and most attractive investment option

Following the approval of Proposed Law 71/V/1, important changes were introduced to Portugal's ARI - Residency and citizenship by investment Programme, namely in article 3 of Law no. 23/2007, of 4 July. Under the new rules, the investment in a Fund continues be in an amount equal to or greater than (euro) 500 000, but must be now intended for the acquisition of participation units of non-real estate collective investment undertakings (Private Equity and Venture Capital Funds), which are constituted under Portuguese law, whose maturity, at the time of the investment, is at least, five years and at least 60% of the investment value is realized in commercial companies headquartered in the national territory.

An important limitation in the rule is that the investment activities cannot be intended, directly or indirectly, for real estate investment.
